

PRODUCT DESCRIPTION

Imagine is a curated collection of sound-absorbing art and photography that brings together acoustic performance and visual expression to shape calm, inspiring interiors. The collection transforms walls into atmospheric surfaces, reducing noise while evoking emotion and visual depth.

A diverse range of sizes allows Imagine to integrate seamlessly into spaces of any scale, from intimate rooms to large open environments. Each piece is framed in solid oak, celebrating the natural warmth and character of the material while adding a refined, architectural presence.

Selected artworks from Danish studios The Poster Club and Paper Collective can be featured on the panels, allowing the system to act as a flexible gallery, where visual expression can evolve over time without compromising acoustic performance.

Features

SUPERIOR PRINT QUALITY

High-resolution printing ensuring sharp detail, rich colour, and lasting vibrancy.

OAK FRAME

Finished with a solid oak frame, adding warmth, durability, and a natural expression.

Dimensions

VERTICAL FORMATS

W x H x D mm
700 × 1000 × 55
860 × 1200 × 55
1000 × 1400 × 55
1200 × 1680 × 55

HORIZONTAL FORMATS

W x H x D mm
1000 × 700 × 55
1200 × 860 × 55
1400 × 1000 × 55
1680 × 1200 × 55

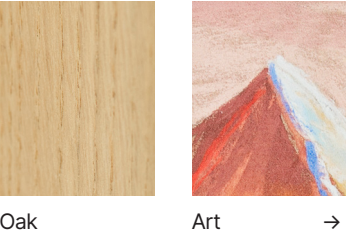

HORIZONTAL FORMATS

W x H x D mm
1000 × 1000 × 55
1200 × 1200 × 55

BESPOKE SIZES

The Imagine panel can also be ordered in bespoke sizes.

FRAME AND CANVAS DESIGN

Materials

Imagine is designed with a strong focus on material quality, durability, and long-term use. Its solid construction ensures stability and a long service life, supporting responsible use over time. The carefully selected materials are chosen to maintain both acoustic performance and visual integrity throughout the product's lifespan, making Imagine a reliable and enduring solution for a wide range of interior environments.

Country of origin: Denmark

CANVAS

Polyester made with 100% recycled polyester fibres.

FRAME

Oak.

ACOUSTIC MATERIALS

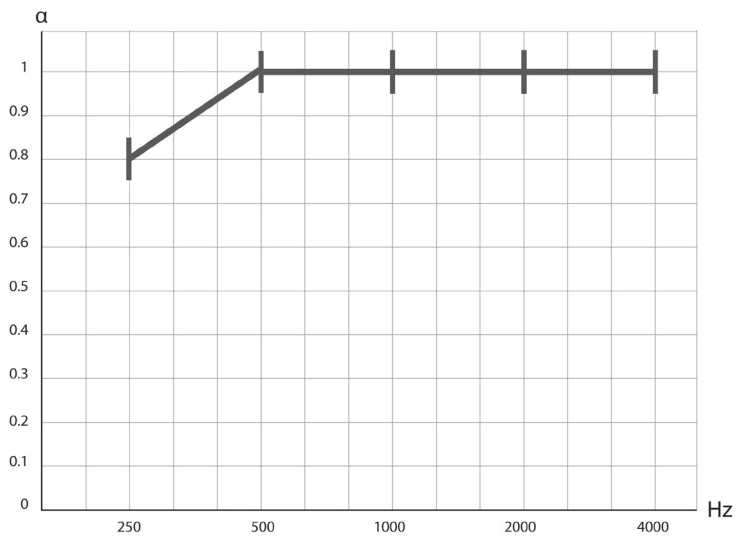

PET fibres from recycled plastic bottles.

Acoustic Functionality

Sound absorption class: A
Absorption coefficient(αw): 1.00

Freq. [Hz]	Absorption coefficient		
	1/3-oct.	1/1-oct.	ref.-curve
100	0.25	0.35	
125	0.25		
160	0.55		
200	0.69	0.80	0.80
250	0.70		
315	0.93		
400	1.02	1.00	1.00
500	1.03		
630	1.03		
800	1.15	1.00	1.00
1000	1.16		
1250	1.13		
1600	1.09	1.00	1.00
2000	1.09		
2500	1.00		
3150	1.02	1.00	0.90
4000	1.07		
5000	0.98		

Installation, Use & Maintenance

INSTALLATION

Imagine wall panels are installed directly onto the wall. Installation is suitable for common wall constructions, including concrete, masonry, and plasterboard, when appropriate fixings are used. Installation must be carried out by qualified installers in accordance with local building regulations. The panels are designed to provide a stable, long-lasting installation while maintaining their acoustic performance and visual quality over time.

CARE & MAINTENANCE

Canvas

- Regularly dust with a soft brush or vacuum to prevent dirt accumulation.
- Treat stains promptly to prevent them from setting. Absorb excess liquid immediately.
- Disinfect using antibacterial wipes or sprays, always following the manufacturer's instructions.

Frame

- Regularly clean with a soft brush or vacuum to prevent dirt from accumulating.
- Disinfect using antibacterial wipes or sprays, ensuring you follow the manufacturer's instructions.

WARRANTY

Imagine is covered by a 10-year warranty against defects in materials and workmanship under normal use and installation conditions. The warranty applies provided the product is installed and maintained in accordance with Akuart's installation and care guidelines.
