Supersonic Writing Board

Supersonic Writing board

SUPERSONIC WRITING BOARD

The Supersonic Writing Board extends the design language of the Supersonic Wall Panel into a writable, functional surface. Sharing the same frame system, it complements the acoustic panels both visually and structurally.

Framed exclusively in raw aluminium, it introduces a refined, industrial presence that reflects the architectural character of the Supersonic Collection. The seamlessly integrated ceramic surface transforms any wall into a durable and inspiring space for ideation, planning, and collaboration. Built for longevity, the Supersonic Writing Board can easily be maintained and repaired, evolving alongside dynamic work environments.

KEY FEATURES

- **Cohesive design language:** Shares the frame profile and dimensions of the Supersonic Wall Panel for unified wall compositions.
- **Durable surface:** Magnetic ceramic steel plate designed for whiteboard markers and easy cleaning.
- **Reinforced corners:** Metal inserts ensure a precise fit with no exposed or sharp edges.
- **Shadow-line frame profile:** Specially designed to create a subtle shadow along the frame edge, visually masking uneven wall surfaces.
- **Raw aluminium finish:** Offers a sleek, industrial look consistent with the Supersonic Collection.

FINISHES

The Supersonic Writing Board comes in a raw aluminium frame finish combined with a white ceramic surface, offering a sleek, industrial expression with clean lines and refined simplicity. This timeless combination adds a bold, architectural edge to any interior while ensuring a bright and durable writing surface for everyday use.

Raw Aluminium / White

ACCESSORIES

Eraser (Magnetic)

Marker / Holder
(Magnetic)

Magnets (5 pcs.)

COMPONENTS

Frame:	Aluminium profile made from 75 % upcycled post-consumer aluminium scrap, also available in a 100 % upcycled post-consumer aluminium version.
Writing Surface:	ceramic steel surface in white, featuring a magnetic core. The surface is exceptionally durable, scratch-resistant, and ideal for use with dry-erase markers.
Corner Inserts:	Precision-milled metal inserts eliminating exposed joints or sharp edges
Mounting:	Steel brackets. The mounting system allows fine adjustment for perfect alignment and creates a consistent shadow-line along the wall.

PRODUCT CARE

Writing Surface:	Dry-erase markings can be easily wiped away without ghosting or staining, ensuring a clean slate after every use. Tougher marks, semi-permanent inks, and permanent inks can be removed with solvent-based cleaner.
Frame:	Regularly clean with a soft brush or vacuum to prevent dirt from accumulating. Disinfect using antibacterial wipes or sprays, ensuring you follow the manufacturer's instructions.
