In Your Room

PRODUCT DESCRIPTION

In Your Room - Redefining Workspace Adaptability!

In Your Room is designed to be your ideal workspace companion. Its modular construction allows you to effortlessly tailor your environment to your exact specifications. Whether you need a personal office, a collaborative meeting space, or a serene relaxation area, In Your Room adapts with ease. With its combination of a versatile framework and precision-engineered acoustic and glass modules, In Your Room can be reconfigured or reshaped to your heart's content, offering the ultimate in flexibility, sustainability, cost-effectiveness, and time efficiency.

FEATURES

A modular room-in-room workspace framework that creates partitioning and semi open spaces, allowing you to effortlessly tailor your environment to your needs.

A range of predefined configurations for a plug and play solution accommodating versatile work functions.

A sustainable solution for workspace transformations which is Designed for Disassembly, prolonging its lifetime, reducing waste and minimising environmental impact.

A cost-effective alternative to more traditional construction projects that are often costly, time-consuming and disruptive.

A quick and easy installation method for a functional workspace within hours, not days or weeks.

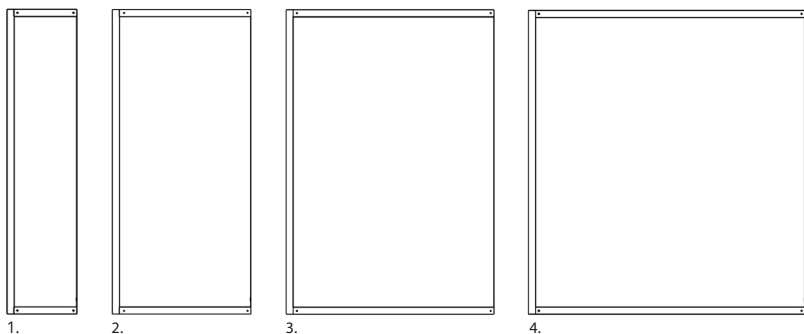

In Your Room

CONFIGURATIONS

The In Your Room system consist of a framework that can be assembled with simple tooling. It comes in pre-assembled acoustic modules, glass modules, open modules and posts and bars that all can be connected to create a larger predefined or bespoke configuration.

Acoustic Modules

C shaped acoustic modules

1. IYR_ACM_5002200
Size: 500 x 2200 mm

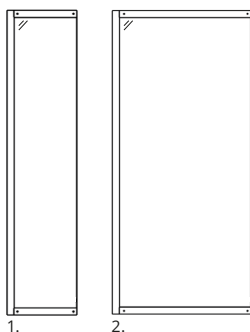

2. IYR_ACM_10002200
Size: 1000 x 2200 mm

3. IYR_ACM_15002200
Size: 1500 x 2200 mm

3. IYR_ACM_15002200
Size: 2000 x 2200 mm

Glass Modules

C shaped glass modules

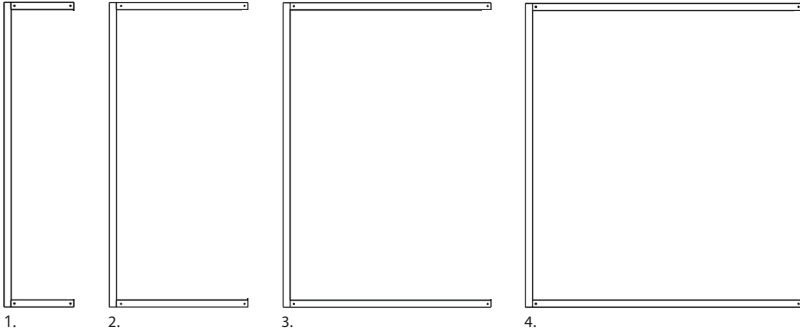

1. IYR_GCM_5002200
Size: 500 x 2200 mm

2. IYR_GCM_10002200
Size: 1000 x 2200 mm

In Your Room

Open Modules

C shaped open modules

1. IYR_OCM_5002200
Size: 500 x 2200 mm

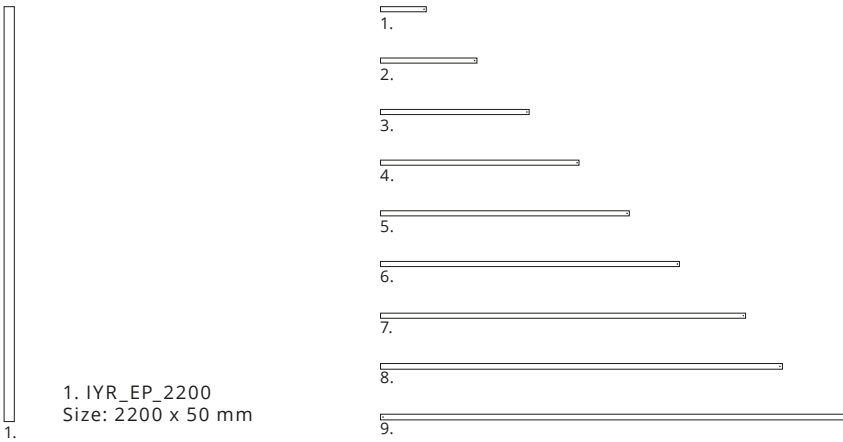

2. IYR_OCM_10002200
Size: 1000 x 2200 mm

3. IYR_OCM_15002200
Size: 1500 x 2200 mm

4. IYR_OCM_20002200
Size: 2000 x 2200 mm

Posts and Bars

End posts and door bar connectors

1. IYR_EP_2200
Size: 2200 x 50 mm

1. IYR_DB_450
Size: 450 x 50 mm

2. IYR_DB_950
Size: 950 x 50 mm

3. IYR_DB_1450
Size: 1450 x 50 mm

4. IYR_DB_1950
Size: 1950 x 50 mm

5. IYR_DB_2450
Size: 2450 x 50 mm

6. IYR_DB_2950
Size: 2950 x 50 mm

7. IYR_DB_3450
Size: 3450 x 50 mm

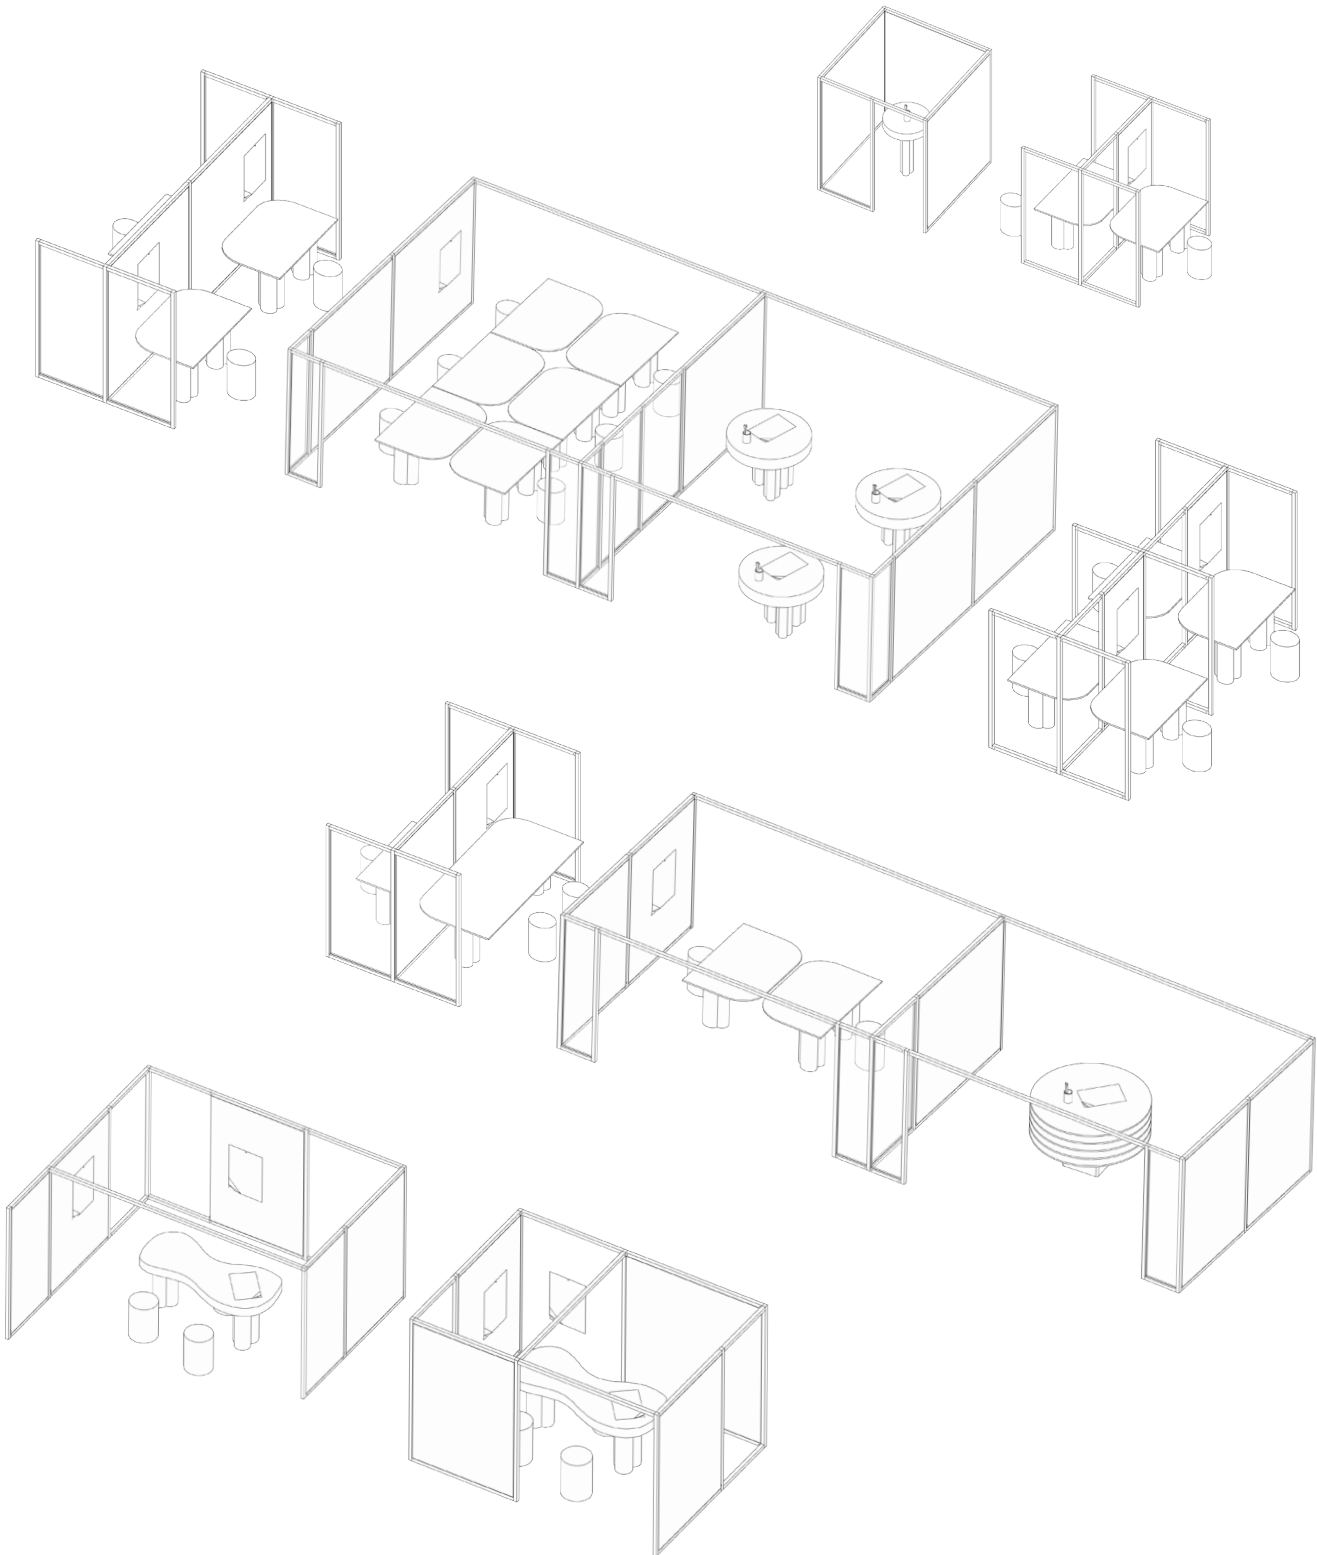

8. IYR_DB_3950
Size: 3950 x 50 mm

9. IYR_DB_4450
Size: 4450 x 50 mm

In Your Room

CONFIGURATIONS

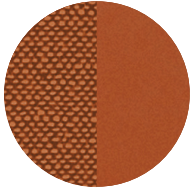

The In Your Room modules offer an unparalleled level of configurability and adaptability. The system is designed to transform a given space into a versatile and dynamic environment, catering to a wide range of needs and preferences.

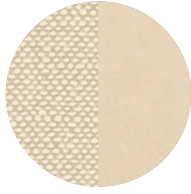

In Your Room

COLOURS

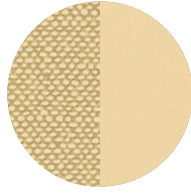

In Your Room features 8 distinct colours: Blue, Earth, Green, Yellow, Red, Purple, Olive, Neutral. Each colour is available in 3 variations – Muted, Accent and Base.

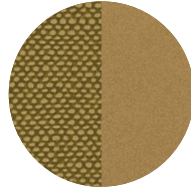

Muted Red

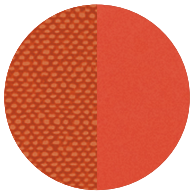

Muted Earth

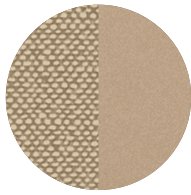

Muted Yellow

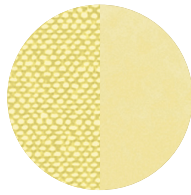

Muted Olive

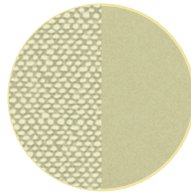

Accent Red

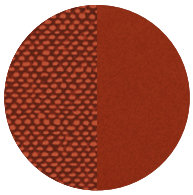

Accent Earth

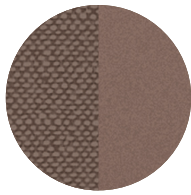

Accent Yellow

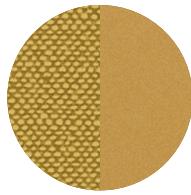

Accent Olive

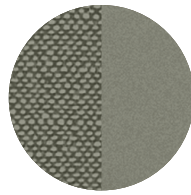

Base Red

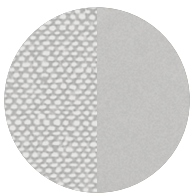

Base Earth

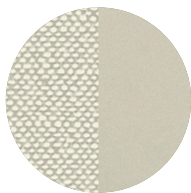

Base Yellow

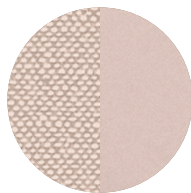

Base Olive

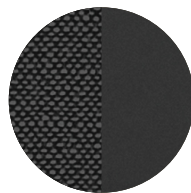

Muted Blue

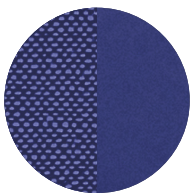

Muted Green

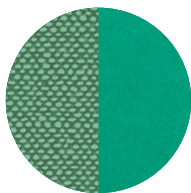

Muted Purple

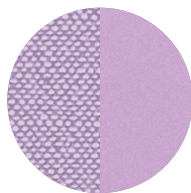

Black

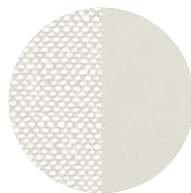

Accent Blue

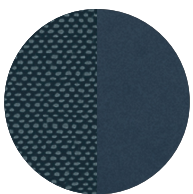

Accent Green

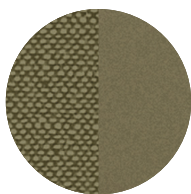

Accent Purple

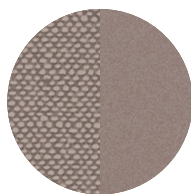

White

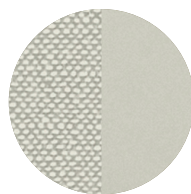

Base Blue

Base Green

Base Purple

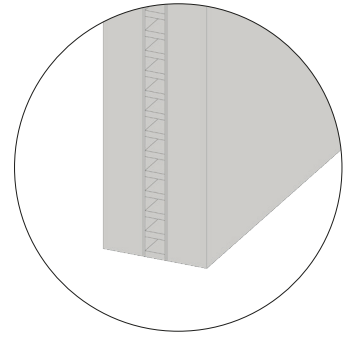

Grey

In Your Room

ACOUSTIC FUNCTIONALITY

The acoustic c shaped modules are ingeniously crafted with a sandwich construction, seamlessly integrating a central 10 mm reboard sound-blocking plate flanked by two outer layers of 20 mm sound absorbers. This construction not only ensures robust soundproofing but also maximizes the absorption of unwanted noise. The 10 mm reboard sound-blocking plate serves as a barrier, impeding the passage of sound waves, while the dual 20 mm sound absorbers on either side function synergistically to effectively absorb sound.

COMPONENTS

IYR frame:	Fine structured powder coated aluminium made from 75% upcycled aluminium scrap.
Acoustic panel :	Fine structured powder coated aluminium frame made from 75% upcycled aluminium scrap. 10 mm reboard sound-blocking plate. 2 x 20 mm PET sound absorbers made from 50% virgin fibres from recycled plastic bottles. 2 x changeable canvases made from 100% recycled polyester fibres.
Glass:	6 mm hardened glass inserted into IYR frame profile with plastic glass list
Bolt caps:	Plastic
Central fasteners:	Steel

CERTIFICATES

Frames:	Powder coating in compliance with REACH Regulation (EC) No 1907/2006 and CLP Regulation (EC) No 1272/2008.
Sound absorber:	EPD in accordance with ISO 14025 and EN 15804. In compliance with the REACH regulation EC 1907/2006. Reaction to fire classification B-s1,d0. Emission class M1. In compliance with Oeko-Tex Standard 100.
Canvas:	In compliance with Oeko-Tex Standard 100. Reaction to fire classification B-s1,d0. The ink fulfils the requirements for Oeko Tex Standard 100 and is in compliance with REACH regulations.

PRODUCT CARE

Cleaning:	In Your Room is easy to clean. It can withstand daily dusting, vacuuming and wiping with a damp cloth with the use of universal cleaning products.
Washable:	The canvas tolerates machine wash repeatedly.
